Wainwright High and Blessed Sacrament have indicated that they may challenge our 4th place teams for the right to go to Zones. If both teams challenge, a game between the two schools will be played with the winner of that game challenging the third place team in the East. Refer to the information below regarding challenge games:

*“Any team wishing to issue a challenge game must notify the commissioner of the specific conference on their intent by FEBRUARY 1. If there is no challenge by this time there will be no challenges.”*

## **CASAA Constitution Section pertaining to AA Zones schools/teams:**

All AA schools will be placed into one of two (east & west) conferences for the purpose of eliminating the teams to 8 for participation in the final Zone tournament.

Each conference will send four (4) representatives to the Zone tournament.

To determine the four teams that will represent the respective conferences, teams will either compete in a league consisting of conference teams, or a challenge will take place at the home of the 4th place team no later than one week prior to the Zone tournament.

Any A schools which opt up to AA must indicate their desire to challenge for a playoff berth no later than December 22, the same date they must so indicate to ASAA. They would then enter into the challenge procedure unless they are already entered in the league.

Arrangements for all challenges are to be made by the conference coordinator. Final tournament arrangements by the director of AA basketball and the host school.

Exceptions to the above would be if any teams participate in another league, in which case a playoff format must be agreed upon to determine the conference representatives.

Only one non-league team may challenge the 4th place team. If there is more than one team desiring to challenge, they must hold a preliminary playoff to determine the one team that will challenge. If the non-league that challenges for the 4th position wins they will be designated as the 4th place team in the conference, unless they have a Provincial ranking which is higher than other teams within the League. In this situation they will assume that teams position. (For example, if Team A is a non-league team and challenges and beats the 4th ranked team in the conference they earn a place at the zone competition. If non-league team A is ranked 5th in the provincial rankings, the first place team in the league is provincially ranked #2 and the second place team in the league is provincially ranked 10th, then the non league team then assumes the second place position for zone competition for that conference.

Non-league teams forfeit their right to host the Zone tournament. The Zone tournament will be hosted by conference champions, alternating annually as follows:

Even years: West hosts Boys East hosts Girls

Odd years: West hosts Girls East hosts Boys

The Zone tournament will take place on a Friday and Saturday using the Eight Team Oregon Draw. The pairings will be as follows (not necessarily in order):

First West	vs.	Fourth East
Second East	vs.	Third West
First East	vs.	Fourth West
Second West	vs.	Third East

The winners advance into the semi-finals and the losers to the consolation. The above games are to be played on Saturday.
